Principal's Report:

Since last meeting:

January 30 Professional Learning:

The morning was dedicated to theming the parent responses to the survey questions that were sent out earlier this school year. As well as the staff responses to the same questions. A decision as to how to access student voice was reached. Students will respond to the same four questions (reworded for our younger students) with older students scribing for our younger ones after a relationship has been built.

In the afternoon our literacy team presented the document "Sask Reads" which is a guiding document outlining the approach to literacy instruction in reading that will be rolled out in Saskatchewan next school year. We are working on one of these practices a month at all grade levels for the remainder of this year.

Report Cards went home on February 2.

The College Park Facebook page was rolled out last week so be sure and follow or like us. We will have a feature each Thursday called Throwback Thursday that will highlight our staff.
